Notes

### Menu - Fully Expanded State

- 1.0 Clicking the tab collapses the sub-menu
- 2.0 The sub-menus show the value of the number of entries in each category.

### Menu - Fully Collapsed State

- 3.0 Clicking the tab expands the sub-menu

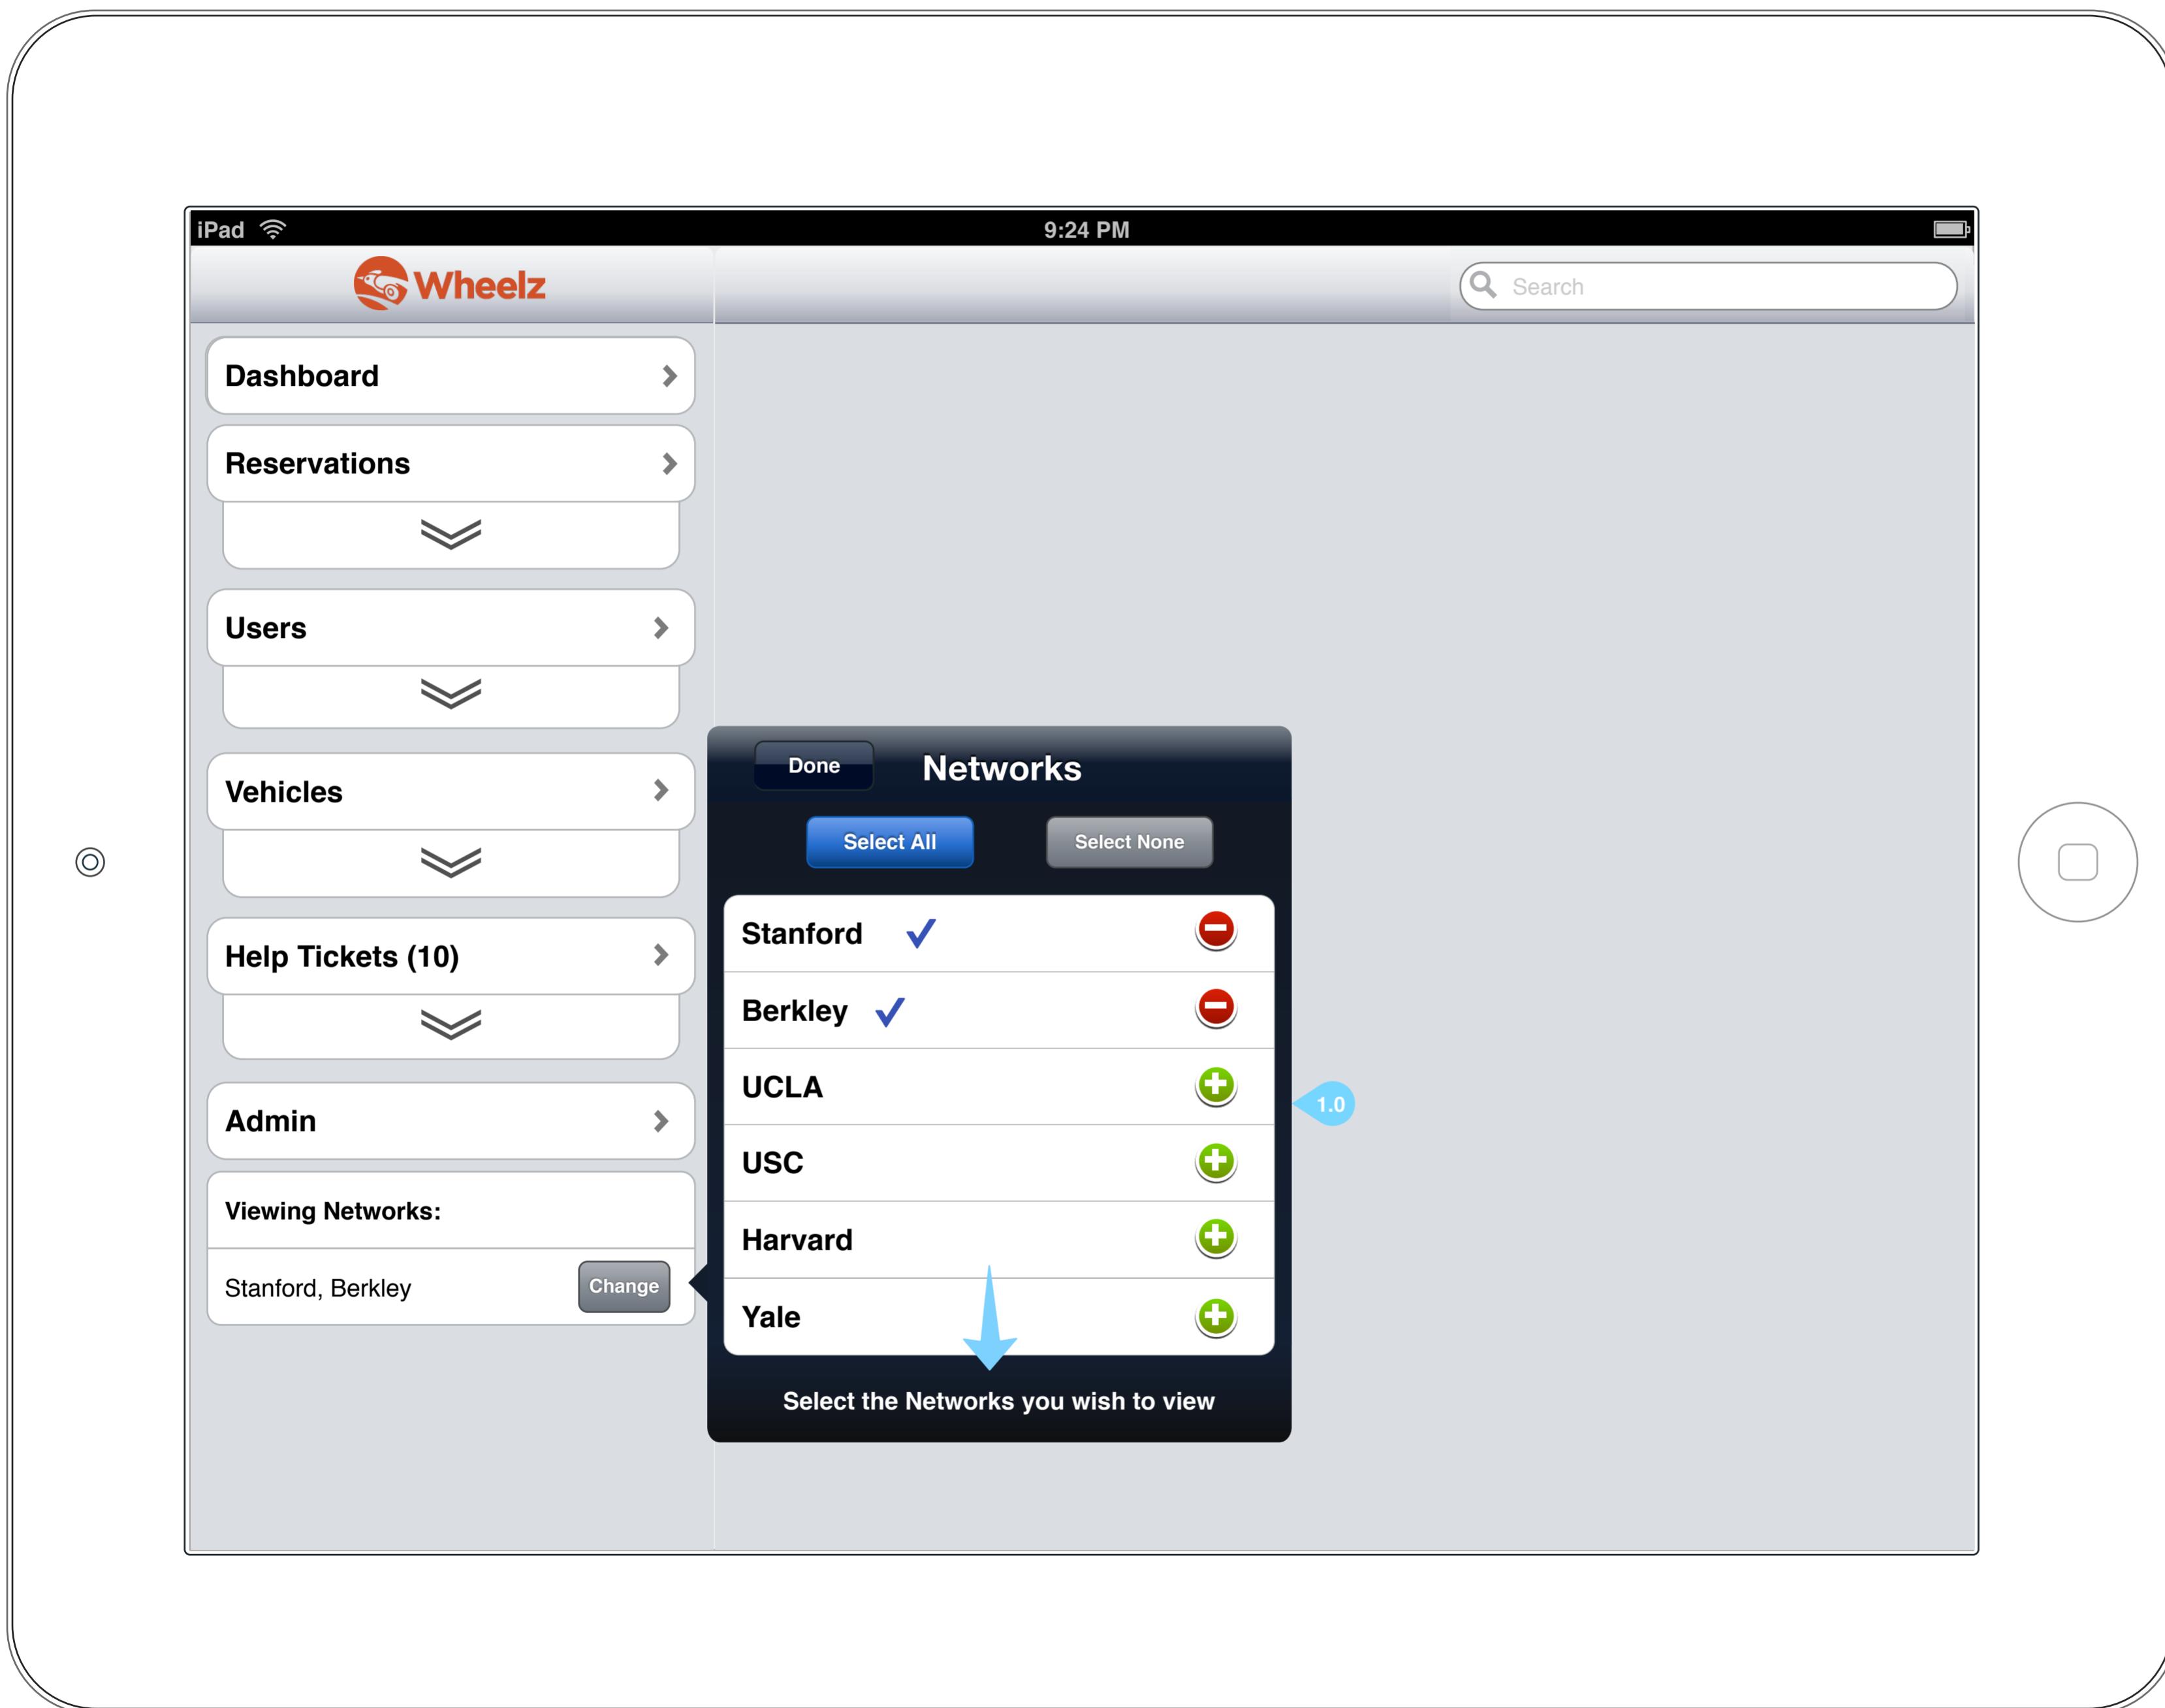

### Additional Notes

Sub-menus stay in their expanded or collapsed state until their tab is clicked by an Ops user

## Notes

1.0

Only Ops Managers with the necessary permissions are able to change which Networks are being viewed

Indicates scrollability

**Add Line Item**

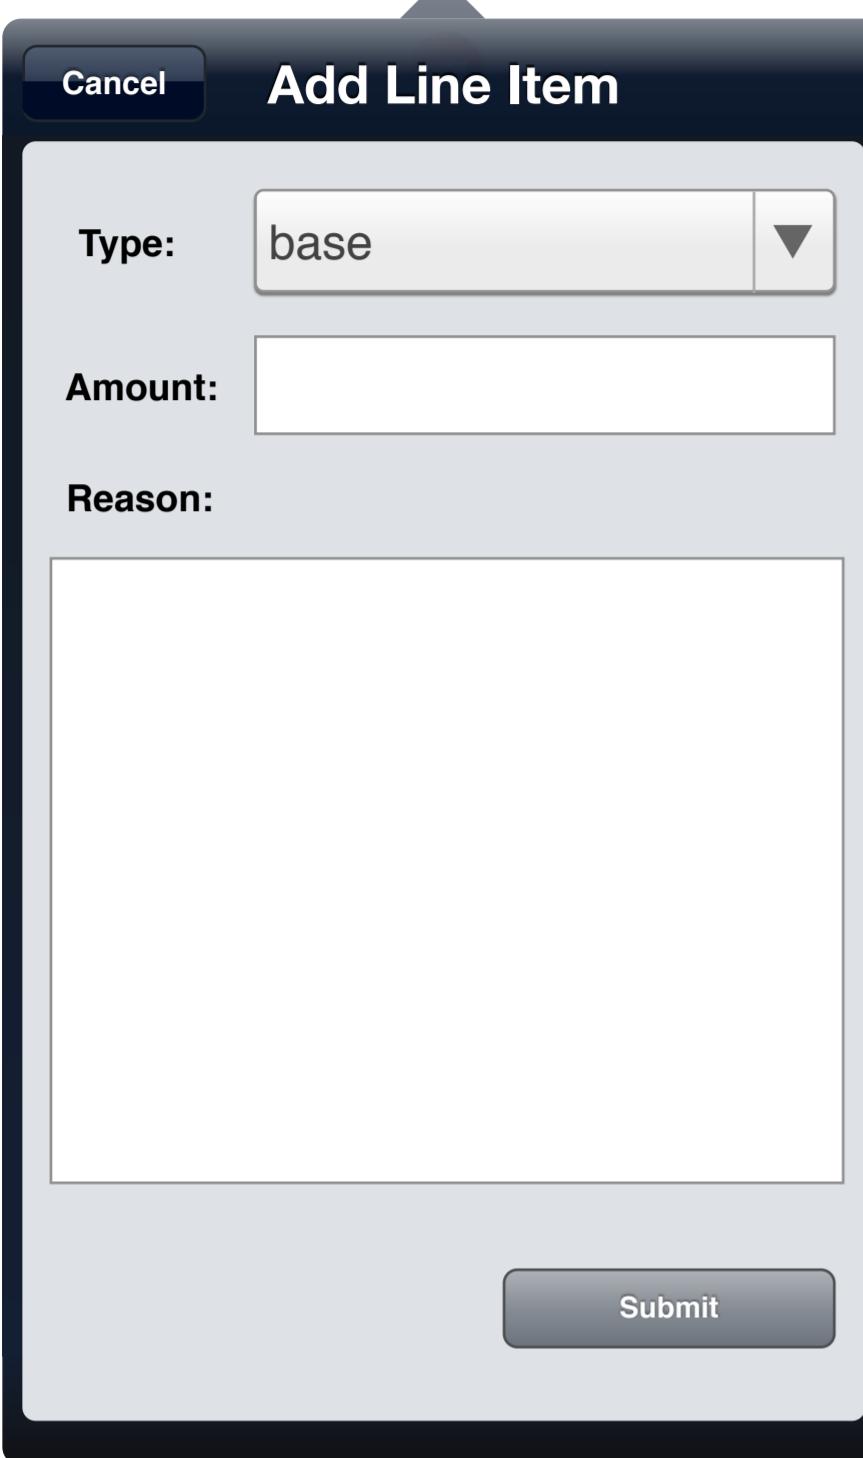

**Cancel**

Submit

### PICKER PANE

Typically used when a user clicks/taps a button for which we are prompting for information to be entered, and there are few enough fields that we can get the information in a pop-up rather than transition to a new screen.

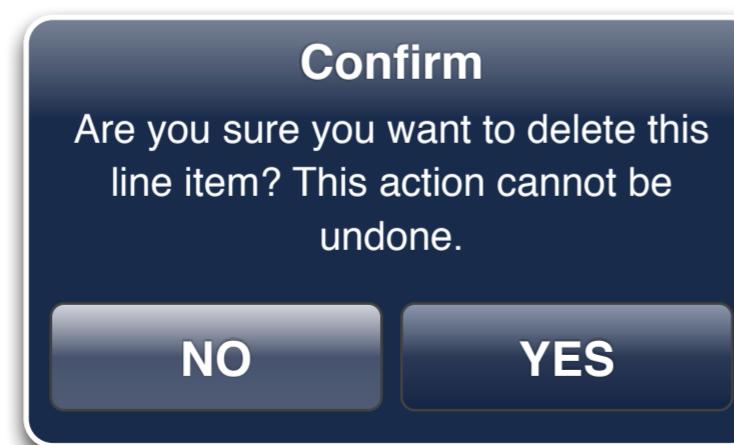

While active: Can be dismissed using the "cancel" button in the top left, or by clicking/tapping anywhere outside of the picker pane.

### PROGRESS SPINNER

Typically appears when a user clicks/taps a button and we need to send an API request to save or retrieve data from the server, and we don't want any further user interaction while the API request is underway.

While active: Disables further user interaction with the system.

### CONFIRMATION MODAL

Typically used when a user clicks/taps a button for which we are prompting for a simple yes or no response.

While active: Disables further user interaction with the system. Can only be dismissed by selecting yes or no on the modal.

The screenshot shows the iPad version of the Wheelz 2.0 dashboard. The top navigation bar includes the 'Wheelz' logo, a 'New Reservation' button, and a search bar. The main content area is divided into three sections:

- Potential Reservation Issues:** A table with columns for Issue, Renter, Owner, and Start/End. It lists three rows: 'Out of home zone' (Ronald McDonald, Sam Rockwell), 'Out of home zone' (Ronald McDonald, Sam Rockwell), and 'Billing failed' (Ronald McDonald, Sam Rockwell). A 'View All' button is in the top right.
- Active Reservations:** A table with columns for Start Time, End Time, Renter, and Owner. It lists five rows, with the first row showing '3:00pm 03/28/12' and '4:00pm 03/28/12' for start and end times respectively, and 'Sam Rockwell' and 'Honda Accord '07 (Kevin Connolly)' for renter and owner. A 'View All' button is in the top right.
- Pending User Signups:** A table with columns for Name, Phone, Email, and Status. It lists three rows: Sandra May (555-555-5555, mayfair@gmail.com, Needs Review), and two other rows represented as 'Table cell' entries.

A sidebar on the left contains links: Dashboard (selected), Reservations, Users, Vehicles, Help Tickets (10), Admin, and Viewing Networks (Stanford, Berkley, Change). A welcome message 'Welcome, John!' is at the bottom of the sidebar. A blue arrow points down from the bottom of the Pending User Signups section towards the bottom of the screen.

**Notes**

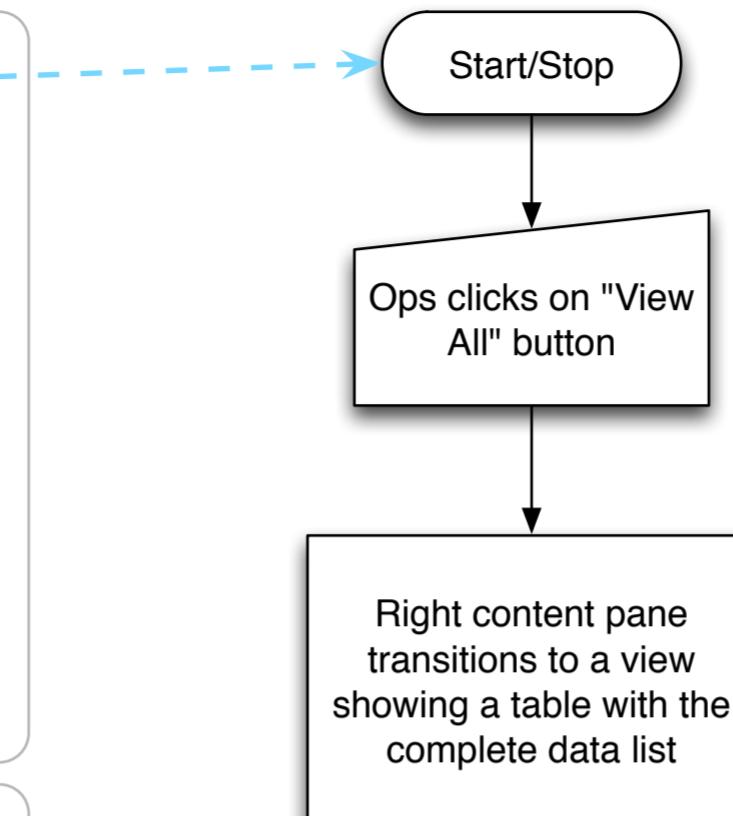

- 1.0 Clicking a table row takes you to the reservation details screen
- 2.0 Dashboard is styled to show that we are viewing this screen.
- 3.0 Each section shows a limited number of rows on the dashboard. The "View All" button takes you to a new view of the full table.
- 4.0 Welcome message only on dashboard

**Additional Notes**

The dashboard categories for the right content pane are: (1) reservation issues, (2) active reservations, (3) pending user signups (a list of all non-approved users), (4) non-approved vehicles

Indicates scrollability

Potential Reservation Issues:			
Issue	Renter	Owner	Start/End
Out of home zone	Ronald McDonald 555-555-5555	Sam Rockwell 555-555-5555	4:00pm 03-04-12 5:00pm 04-04-12
Out of home zone	Ronald McDonald 555-555-5555	Sam Rockwell 555-555-5555	4:00pm 03-04-12 5:00pm 04-04-12
Billing failed	Ronald McDonald 555-555-5555	Sam Rockwell 555-555-5555	4:00pm 03-04-12 5:00pm 04-04-12

Table cell	Table cell	Table cell	Table cell
Table cell	Table cell	Table cell	Table cell
Table cell	Table cell	Table cell	Table cell

## Additional Notes

Hopefully there isn't confusion here, but on the dashboard we have a table with "pending user signups", which combines all users who are somewhere in the pre-approval pipeline.

Vehicles Needing Review:				
Make	Model	Year	Owner	License
Honda	Civic	2006	Andy Dalton 555-555-5555	E2343
Honda	Civic	2006	Andy Dalton 555-555-5555	E2343

Table cell	Table cell	Table cell	Table cell	Table cell
Table cell	Table cell	Table cell	Table cell	Table cell

Notes

1.0 Clicking a table row takes you to the reservation details screen

2.0 This is a general search box, where the system will try to match the search term and return intelligent results.

3.0 Each section shows a limited number of rows on the Reservation screen. The "View All" button takes you to a view of the full table.

4.0 Reservations menu changes style to indicate to Ops which section they are in

5.0 This is an advanced search box for targeting specific reservations (more targeted than the general search box in the header)  
--> See 3.3

Indicates scrollability

**Find Reservations:**

Start Time:	<input type="text"/> / <input type="text"/> / <input type="text"/>	<input type="button" value="Calendar"/>	First Name:	<input type="text"/>
End Time:	<input type="text"/> / <input type="text"/> / <input type="text"/>	<input type="button" value="Calendar"/>	Last Name:	<input type="text"/>
Vehicle:	<input type="text"/>			
Status:	<input type="text"/> Complete		<input type="button" value="Advanced Search"/>	2.0

**Potential Reservation Issues:**

Start Time	End Time	Renter	Vehicle	Owner	Status
3:00pm 03/22/12	4:00pm 03/22/12	Ronald McDonald 555-555-5555	Honda Accord '07	Sam Rockwell 555-555-5555	Out of Home Zone
3:00pm 03/22/12	4:00pm 03/22/12	Ronald McDonald 555-555-5555	Honda Accord '07	Sam Rockwell 555-555-5555	Out of Home Zone
3:00pm 03/22/12	4:00pm 03/22/12	Ronald McDonald 555-555-5555	Honda Accord '07	Sam Rockwell 555-555-5555	Out of Home Zone

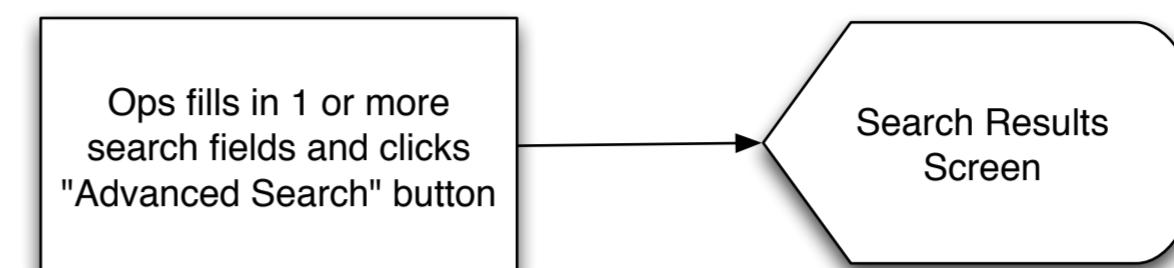

**Active Reservations:**

Start Time	End Time	Renter	Vehicle	Owner
3:00pm 03/28/12	4:00pm 03/28/12	Sam Rockwell 555-555-5555	Honda Accord '07	Kevin Connolly 555-555-5555

Table cell	Table cell	Table cell	Table cell	Table cell

**Upcoming Reservations:**

Start Time	End Time	Renter	Vehicle	Owner
3:00pm 03/28/12	4:00pm 03/28/12	Sam Rockwell 555-555-5555	Honda Accord '07	Kevin Connolly 555-555-5555
Table cell	Table cell	Table cell	Table cell	Table cell
Table cell	Table cell	Table cell	Table cell	Table cell
Table cell	Table cell	Table cell	Table cell	Table cell

Screen Name  
**3.0.1 Reservations Screen**

1.0 Clicking a table row takes you to the reservation details screen

2.0 Need to determine all the possible values for status combo box.

Example:  
The "View All" button under reservation issues is clicked

App transitions to screen "3.1 Reservation Screen - Issues"

3.0

**Additional Notes**  
If an Ops Manager wants to view reservations older than 24 hrs, they would need to use the Advanced Search box. The assumption here is that viewing reservations older than 24 hrs is not very common.

**Last 24hrs:**

Start Time	End Time	Renter	Vehicle	Owner
3:00pm 03/28/12	4:00pm 03/28/12	Sam Rockwell 555-555-5555	Honda Accord '07	Kevin Connolly 555-555-5555
Table cell	Table cell	Table cell	Table cell	Table cell
Table cell	Table cell	Table cell	Table cell	Table cell
Table cell	Table cell	Table cell	Table cell	Table cell

The wireframe shows an iPad displaying the Wheelz application. The top status bar indicates it's 9:24 PM. The main screen has a header with the Wheelz logo, a 'New Reservation' button, and a 'RESERVATIONS' section. Below this is a search bar. The left sidebar contains a navigation menu with the following items:

- Dashboard**
- Reservations** (selected, highlighted in dark grey)
- Issues (10)** (highlighted with a blue callout)
- Active (34)**
- Upcoming (123)**
- Last 24hrs (34)**
- Users**
- Vehicles**
- Help Tickets (10)**
- Admin**
- Viewing Networks:**
- Stanford, Berkley (with a 'Change' button)

The main content area is titled 'Potential Reservation Issues:' and displays a table with the following data:

Start Time	End Time	Renter	Vehicle	Owner	Status
3:00pm 03/22/12	4:00pm 03/22/12	Ronald McDonald 555-555-5555	Honda Accord '07	Sam Rockwell 555-555-5555	Out of Home Zone
3:00pm 03/22/12	4:00pm 03/22/12	Ronald McDonald 555-555-5555	Honda Accord '07	Sam Rockwell 555-555-5555	Out of Home Zone
3:00pm 03/22/12	4:00pm 03/22/12	Ronald McDonald 555-555-5555	Honda Accord '07	Sam Rockwell 555-555-5555	Out of Home Zone
3:00pm 03/22/12	4:00pm 03/22/12	Ronald McDonald 555-555-5555	Honda Accord '07	Sam Rockwell 555-555-5555	Out of Home Zone
3:00pm 03/22/12	4:00pm 03/22/12	Ronald McDonald 555-555-5555	Honda Accord '07	Sam Rockwell 555-555-5555	Out of Home Zone
3:00pm 03/22/12	4:00pm 03/22/12	Ronald McDonald 555-555-5555	Honda Accord '07	Sam Rockwell 555-555-5555	Out of Home Zone
3:00pm 03/22/12	4:00pm 03/22/12	Ronald McDonald 555-555-5555	Honda Accord '07	Sam Rockwell 555-555-5555	Out of Home Zone
3:00pm 03/22/12	4:00pm 03/22/12	Ronald McDonald 555-555-5555	Honda Accord '07	Sam Rockwell 555-555-5555	Out of Home Zone

A blue arrow points down from the bottom of the table towards the bottom of the screen, indicating scrollability. A blue callout labeled '2.0' points to the 'Issues (10)' item in the sidebar. Another blue callout labeled '1.0' points to the first row of the table. A blue callout labeled '3.0' points to the bottom right corner of the table.

Notes

- 1.0 Clicking a row takes you to that reservation's detail screen
- 2.0 Sub-menu changes style to indicate to Ops which sub-section they are in.
- 3.0 Options to consider for this table view are: (1) Have table extend for as much as there are rows; or (2) Paginate results.

**RESERVATION DETAILS**

**STATUS: Scheduled** **Cancel Reservation** **2.0** **STATUS: Active** **Return Vehicle**

Renter: Smokey Robinson (555-555-5555)  
Automatic Billing: Yes  
Payment Method: VISA 2334 [Organization Name]

Miles Included: 120 mi Miles Driven: 0 mi Status: Charges Pending **5.0**

Start: 6:00pm 04/12/2012 End: 7:30pm 04/12/2012 Duration: 1.5hrs

Timeline: 12 am, 6 am, 12 pm, 6 pm. A teal bar highlights the period from 6 pm to 7:30 pm. **4.0**

Legend: **Reservation** (teal square), **Unavailable** (grey square), **Available** (white square)

**Transfer** **1.0** **Edit Reservation**

**Notes**

- 1.0** If either the renter or the vehicle need to be changed for a reservation, this must be done through the "transfer" workflow.
- 2.0** Before the reservation has started, a "Cancel Reservation" button is here. During a reservation, this button turns into a "Return Vehicle" button. Once over, there is no button here.
- 3.0** On a details screen, the "new" button changes to a "back" button
- 4.0** A 24 hour view based on the day for which the rental begins. This is a scrollable view, however, so that you can scroll horizontally to see a few days ahead, and so you can follow a reservation if it spans multiple days..
- 5.0** Statuses are: Charges Pending, Billing Failed, Charges Complete

**Indicates scrollability**

[Manage Transactions](#)

[Manage Earnings](#)

[Re-attempt Authorization](#)

1.0

If the billing attempt failed, the status will indicate this, and we show a button to allow an Ops Manager to re-attempt the credit card transaction.

In the API we get "authorization\_error" returned.

## Notes

**1.0** Clicking a table row takes you to the reservation details screen

**2.0** The fields remain populated with what was used for the search request

The screenshot shows an iPad displaying the 'RESERVATIONS' screen of the Wheelz application. The top bar indicates it's 9:24 PM. The left sidebar has links for Dashboard, Reservations (which is selected), Issues (10), Active (34), Upcoming (123), Last 24hrs (34), Users, Vehicles, Help Tickets (10), and Admin. Below the sidebar is a section for 'Viewing Networks' with 'Stanford, Berkley' and a 'Change' button.

The main content area has a 'Find Reservations:' section with fields for Start Time, End Time, Vehicle, First Name (Jason), and Last Name (Bateman). There's also an 'Advanced Search' button. Below this is a 'Search Results:' table:

Start Time	End Time	Renter	Vehicle	Owner	Status
3:00pm 03/28/12	4:00pm 03/28/12	Jason Bateman 555-555-5555	Honda Accord '07	Kevin Connolly 555-555-5555	Upcoming
2:00pm 04/12/12	4:00pm 04/23/12	Jason Bateman 555-555-5555	Toyota Highlander '09	Jackson Brown 555-555-5555	Active

**STEP 3: FIND A VEHICLE**

To find a vehicle, start by centring the map on a location. Nearby vehicles will be listed below.

Location: San Francisco

Show Actual Vehicle Locations Hide Unavailable

Map data ©2012 Google - Terms of Use

1.0 2.0 3.0

Stanford, Berkley Change

1.0 See 3.4.2 for a detailed explanation on how the vehicle selection process will work.

2.0 I'm thinking we should we have the start and end times default to 30mins from now for a 1.5hr duration. Thoughts?

3.0 Once a user is chosen, the map updates to be centered on that user's network. Before this, should we just have the map centered on San Francisco?

Indicates scrollability

## STEP 3: FIND A VEHICLE

To find a vehicle, start by centring the map on a location. Nearby vehicles will be listed below.

Location: San Francisco

## Vehicle Selection Process - Detailed Explanation

- 1.0 If you hover over (desktop only) or click/tap on a pin on the map, the corresponding vehicle row becomes highlighted (indicated by the blue background on the wireframe).
  - 2.0 If you select a vehicle row by clicking the radio button, the corresponding vehicle on the map pops up.
  - 3.0 Grey blocks indicate unavailable times for that vehicle. Clear blocks indicate available times.
  - 4.0 The time that you want to book is indicated by the green bar. This bar can be clicked and dragged using the handles above and below the vehicle list. The bar also changes width when the dates are changed in the date pickers (not shown on this page).
  - 5.0 You can only see 24 hours at any one time, but the view is horizontally scrollable to advance up to a few days (is 3 days reasonable?).
  - 6.0 Typing in a location in this text field causes the map to centre on this location with the center pin indicating the epicenter of the search radius.
  - 7.0 Checking this shows the vehicles' actual physical locations rather than their preferred parking locations
  - 8.0 Checking this hides vehicles on the map which are unavailable for the time attempting to be booked (does this also remove the vehicles from the list below?).
- If you click the "Create" button in attempt to create the new reservation, but the vehicle is unavailable for the time specified, you get an error modal.
- Unavailable**

The vehicle you selected is unavailable for the time period requested.

**OK**
- Indicates center of search radius. Draggable.

This is an alternative possibility to the auto-complete field for selecting a user. In this scenario you first find your user using the advanced search functionality. Currently we are going with the auto-complete field, however.

### Create a New Reservation:

(555-555-5555)  
smokey@gmail.com

## SCHEDULED VEHICLE

# Honda Civic EX (2007)

**Owner: Michelle Cheng  
(555-555-5555)**

 STATUS: Out of Home Zone. Waiting for return

## **SCHEDULED TIMES**

**Start Time:** 04 / 22/ 2012 4:00pm

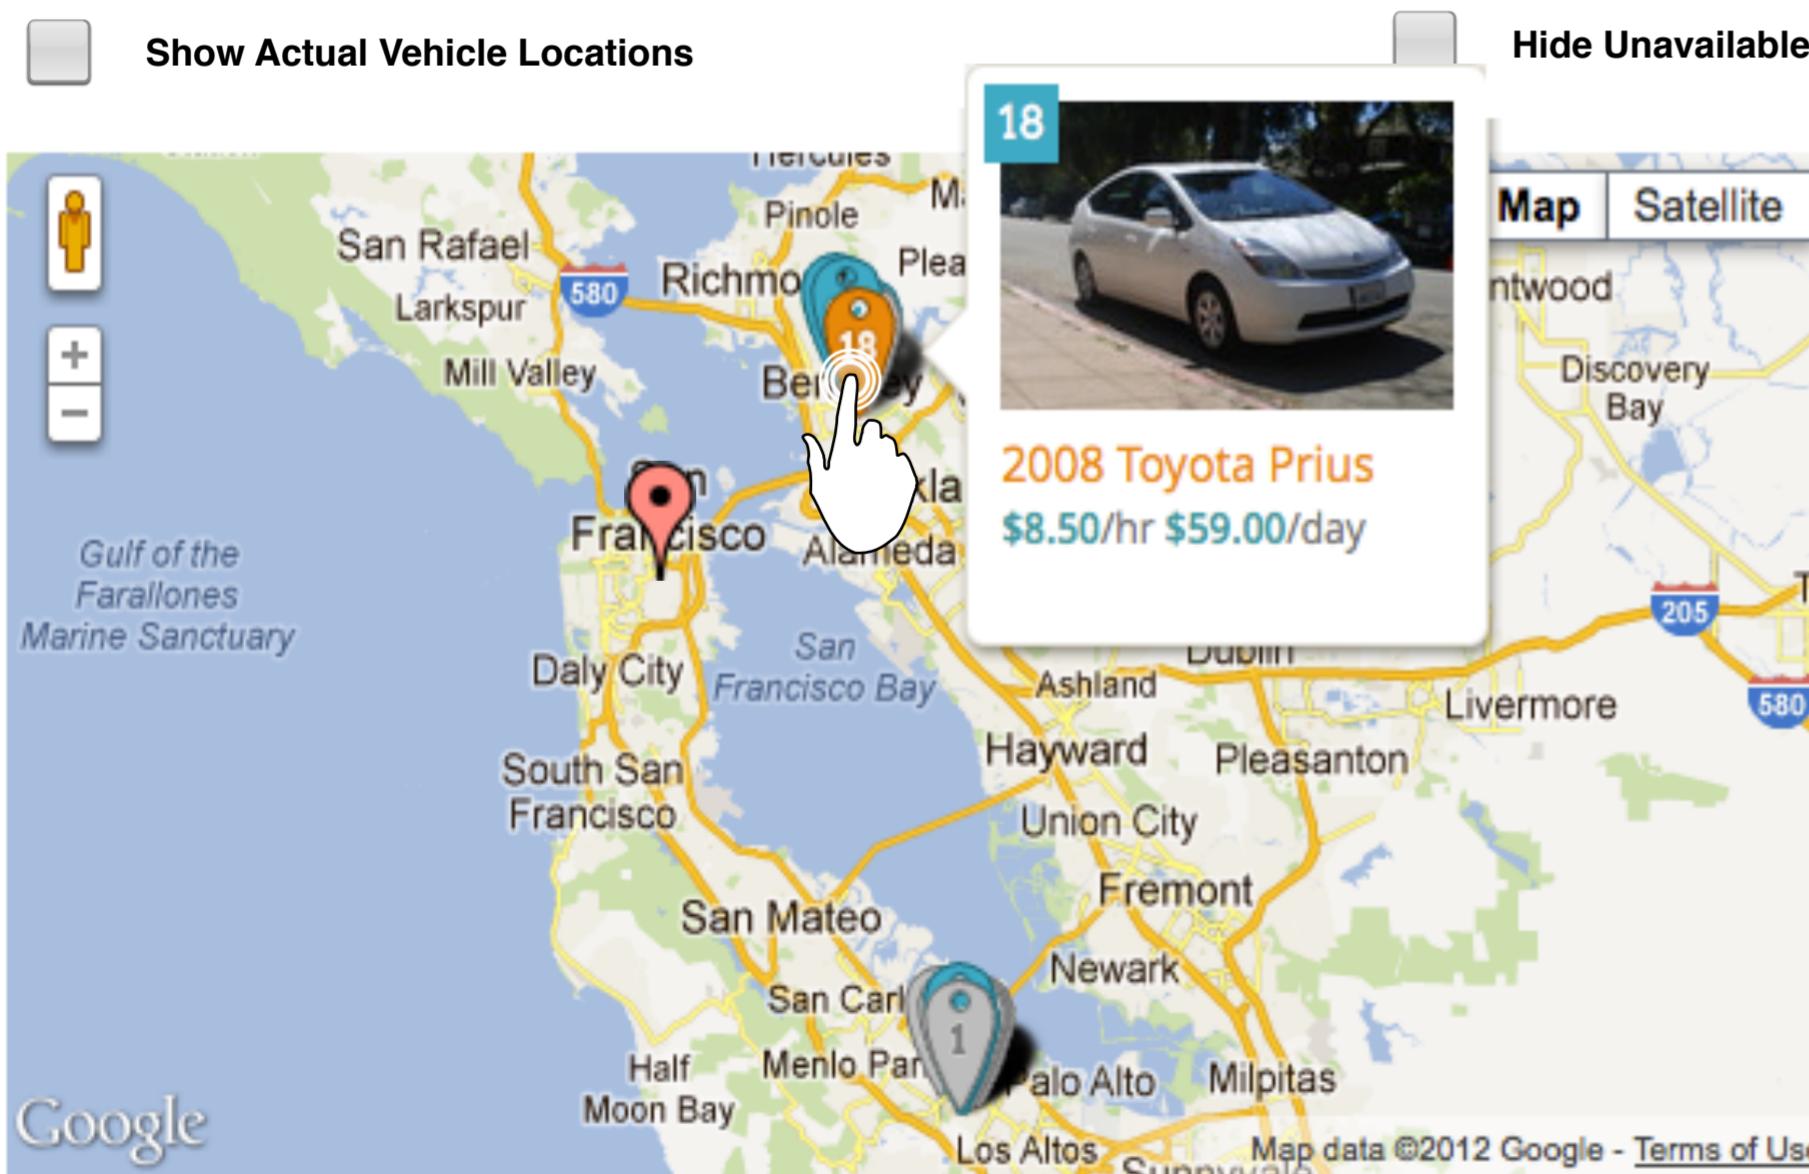

**End Time:** 04 / 22 / 2012 4:30pm

## FIND A NEW VEHICLE

To find a vehicle, start by centring the map on a location. Nearby vehicles will be listed below.

**Location:** San Francisco

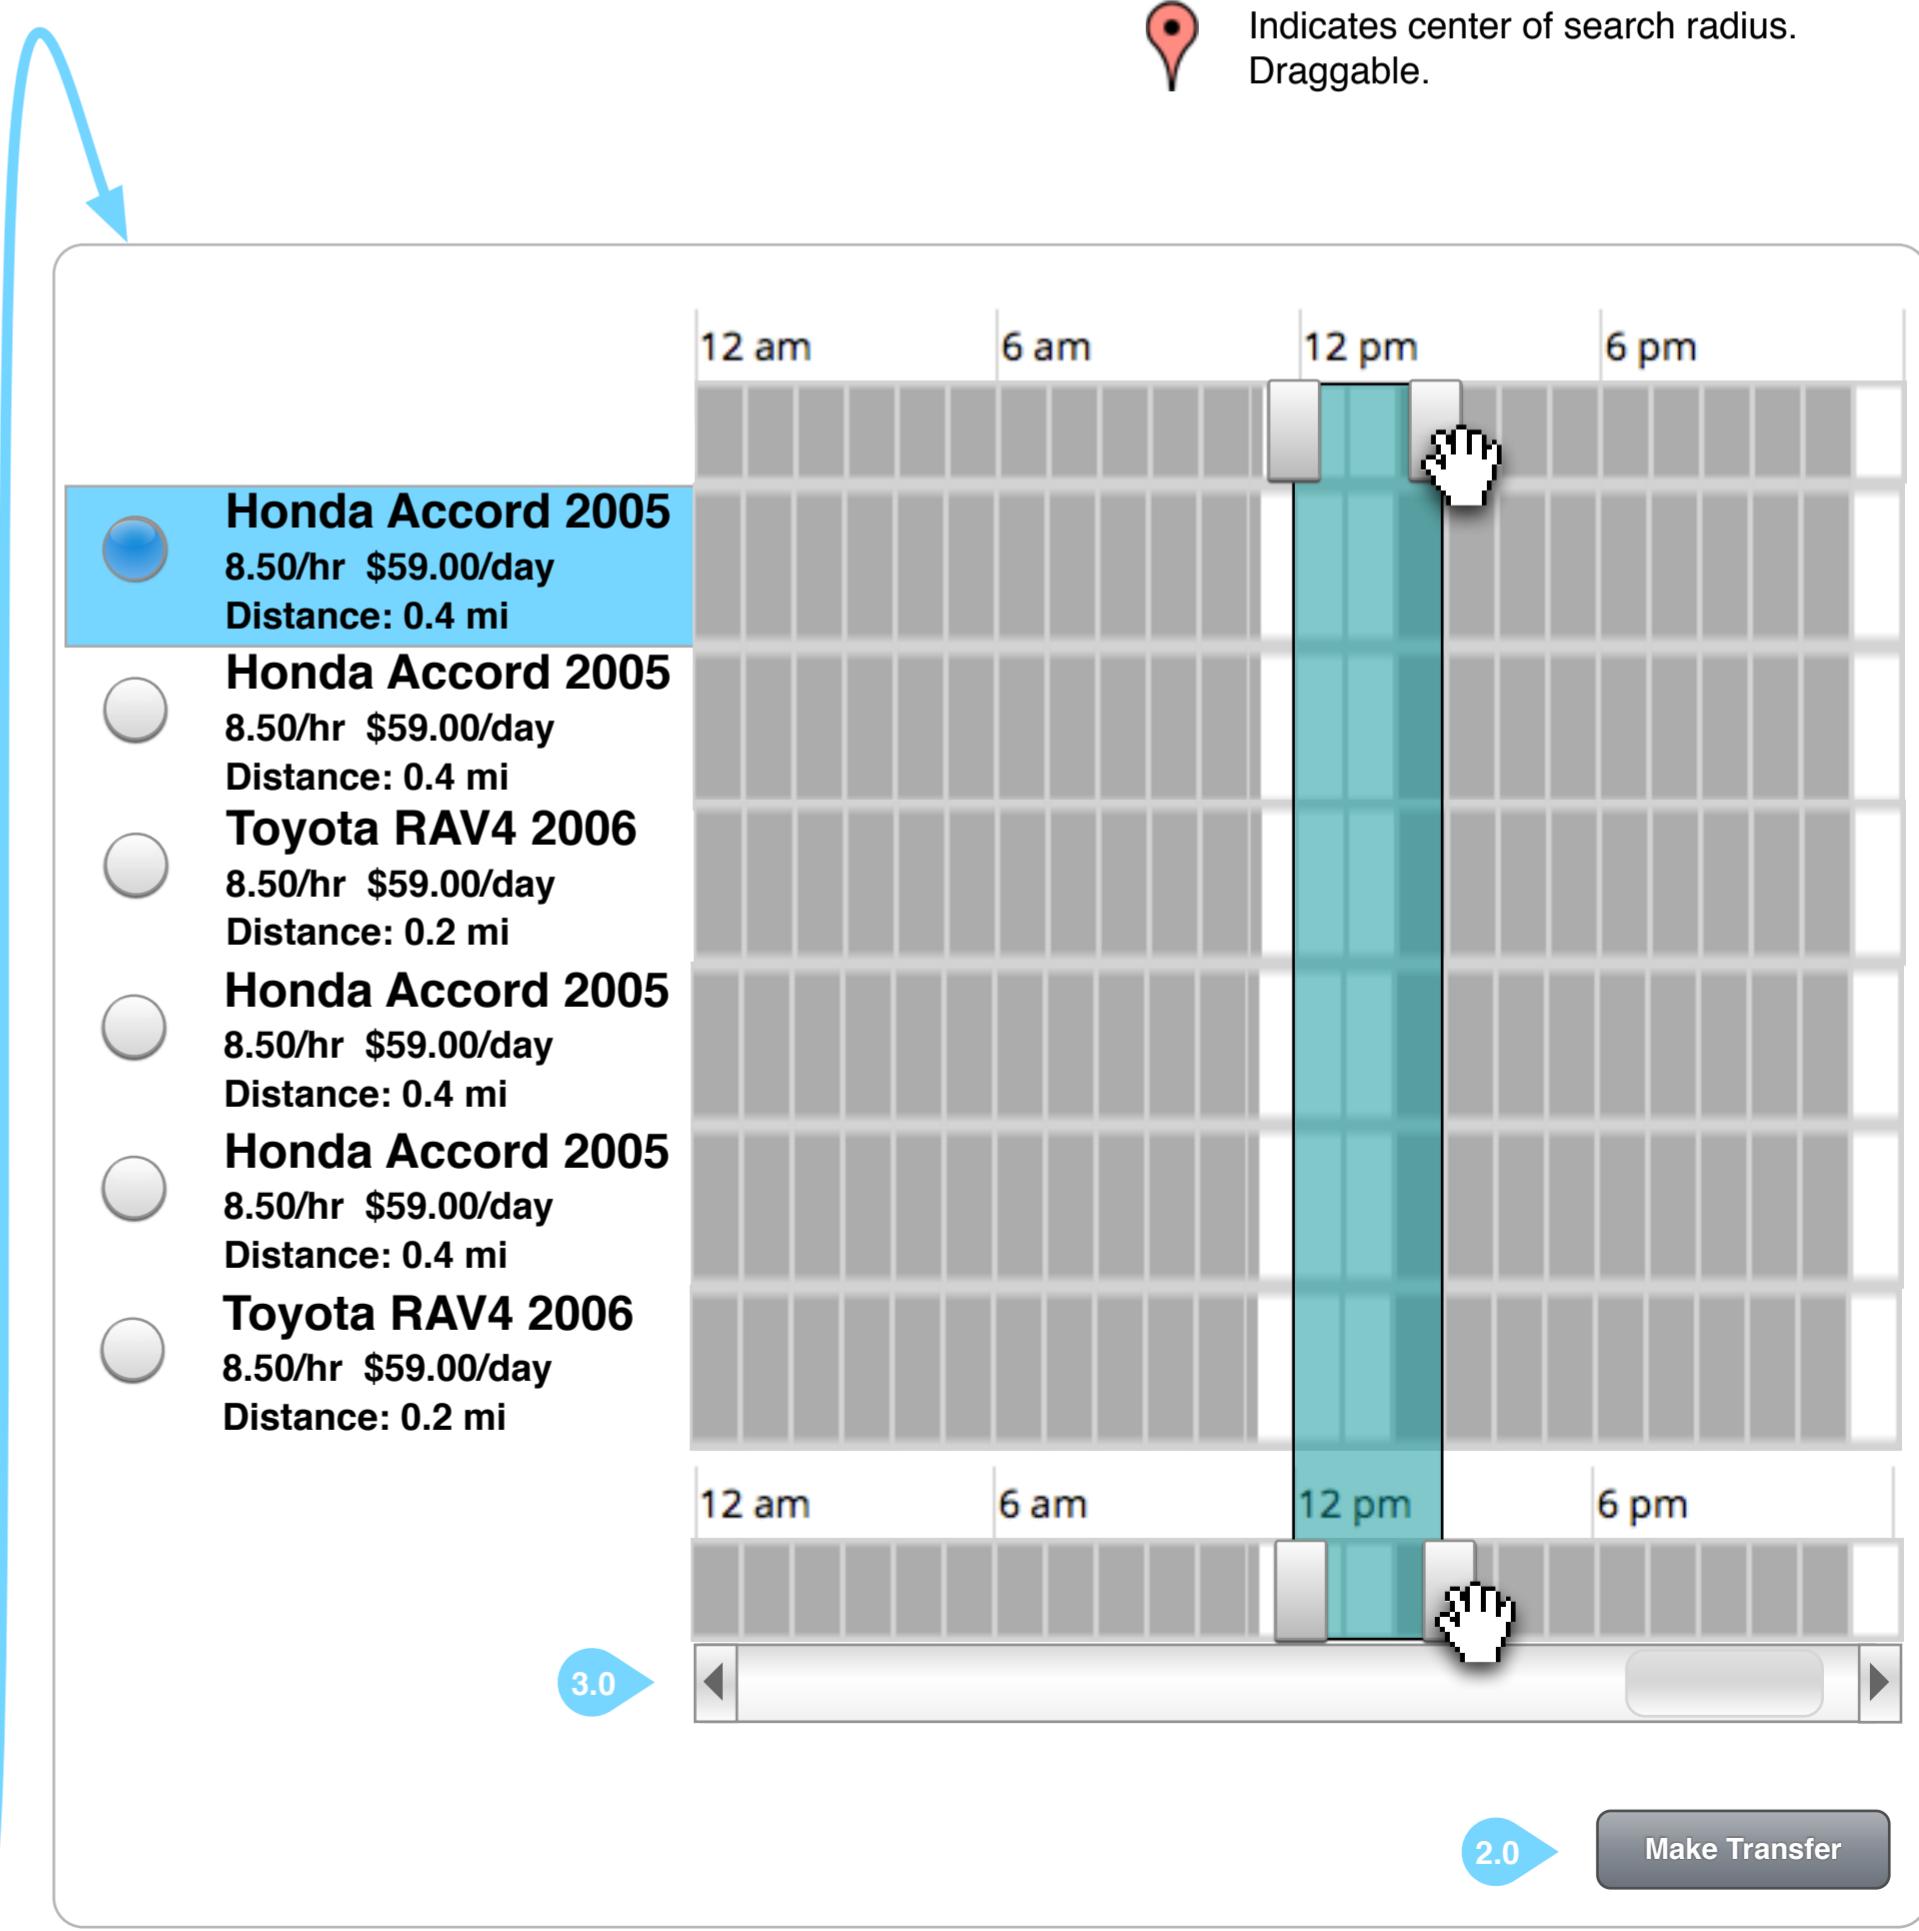

Screen Name

### 3.5 Transfer Reservation

- 1.0 Start and end times are editable and are synched with time bar below
  - 2.0 If the transfer is successful, we go to the reservation details screen
  - 3.0 Horizontally scrollable to see a few days ahead

- Indicates center of search radius.  
Draggable.

**EDIT A RESERVATION**

**EDIT RESERVATION**

Renter: Smokey Robinson  
(555-555-5555)

Vehicle: Honda Civic EX (2007)  
Owner: Michelle Cheng  
(555-555-5555)

To change the vehicle, you must make a reservation transfer: [Transfer](#)

Start Time: 04 / 13 / 2012 3:00pm [\[Calendar\]](#) End Time: 04 / 13 / 2012 4:00pm [\[Calendar\]](#)

Timeline: 12 am, 6 am, 12 pm, 6 pm. A teal bar indicates the reservation period from 3:00pm to 4:00pm. A cursor is shown dragging the end handle of the bar.

Legend:  Reservation  Unavailable  Available

**Payment Details:**

Automatic Billing: YES

Payment Method: VISA 3444\*

\* Indicates renter's or organization's default payment method

[Cancel](#) [Save](#)

## Notes

1.0 Start and end times can be set manually using these date fields

2.0 The ends of the bar has handles which can be clicked and dragged, which changes the start and end values above.

3.0 Could we use a horizontal scroll here to show a few days ahead?

4.0 Combo box defaults to user's default payment method. If the user belongs to an organization, that organization's payment methods also appear in this list.

5.0 Cancelling takes you back to your previous screen and doesn't save any changes.

**Manage Renter Charges**

Amount Owing	Paid	Balance	Post Date
\$21.37	\$19.37	\$2.00	04/12/2012

Charges for renter: Bruce Wayne

**Line Items:**

Charges (type)	Description	Amount	Action

**Total of Credit Card Transactions: \$19.37**

**Screen Name**  
3.7.1 Reservation - Process Charges

**Process Charges**

**Confirm**

Are you sure you want to process the credit card charges for this reservation?

This will send a charge request to Braintree

**NO**      **YES**

```

graph LR
    A[Manage Renter Charges] --> B[Process Charges]
    B --> C[Confirm]
    C --> D[Processed Transactions]
    
```

**1.0** Sends the balance owing to Braintree and generates a "processed credit card transaction" line item

**2.0** "Externally processed transactions" is for a scenario where an Ops has called Braintree and manually refunded/charged the user's credit card, and they need to enter this amount into the Wheelz system to balance out the amount owing/paid.

**3.0** In this scenario, the user's credit card was pre-authorized for \$10.00 but it wasn't enough, so this was voided and a new charge applied.

**4.0** In this scenario, there was \$2.00 outstanding on the user's account, so when "process charges" was clicked, a request was sent to Braintree and a charge of \$2 was made on the user's credit card. The Braintree response data is then displayed under "processed credit card transactions"

## Manage Owner Earnings

1.0 Clicking a table row takes you to the reservation details screen

Indicates scrollability

Notes

The wireframe illustrates the 'USER RESERVATIONS' screen on an iPad. The top navigation bar shows 'iPad' with signal and battery icons, the time '9:24 PM', and a 'Back' button. The main title 'USER RESERVATIONS' is centered above a search bar with a magnifying glass icon and the placeholder 'Search'. On the left, a vertical sidebar menu includes 'Dashboard', 'Reservations', 'Users' (selected), 'Approved', 'Ready to Approve (24)', 'Needing Review (14)', 'Vehicles', 'Help Tickets (10)', 'Admin', and 'Viewing Networks: Stanford, Berkley' with a 'Change' button. The 'Users' section is expanded, showing three sub-categories with arrows. The right side displays the 'Find User Reservations:' search interface with fields for 'Start Time' (3:00pm 03/28/12), 'End Time' (4:00pm 03/28/12), 'Vehicle' (Honda Accord '07 (black)), 'Owner' (Kevin Connolly 555-555-5555), and 'Status' (Upcoming). Below this is a 'Search Results' table with columns: Start Time, End Time, Vehicle, Owner, and Status. Two rows of data are shown: one for an upcoming reservation and one for a completed reservation.

Start Time	End Time	Vehicle	Owner	Status
3:00pm 03/28/12	4:00pm 03/28/12	Honda Accord '07 (black)	Kevin Connolly 555-555-5555	Upcoming
Table cell	Table cell	Table cell	Table cell	Active

## Additional Vehicle Information:

Capacity	Vehicle Class	Insurance Class
5	SUV	SUV

### DESCRIPTION

I absolutely love this car, enough that I drove it all the way down from Alaska. It has a sick sound system with a 12 inch and a 10 inch sub connected to an 1800 watt amp. As well as non-stock door speakers. It is both big and comfortable and drives smooth. If you want something comfortable for multiple people to drive in and have a good time this is definitely the vehicle for you.

### KNOWN PROBLEMS

There is a sick sound system in the car. Sometimes, if it does not start up right away simply turn it off and then back on and it should work. Also, there has been a problem with people leaving the dash light on, this happens when you turn the scroll next to where you turn on the headlights. While the car is moving, this only turns up the dash light, but when the car is stopped it leaves the lights in the main cabin on. If you use this light, please make sure to turn it back off. Thank you.

Screen Name

## 5.2.2 Vehicle Details Continued 2

- 1.0 You can use the combo box to set the starting month. The calendar then shows a 3-month view from that month on. The left and right arrows advance and decrease the starting month value.

- 2.0 See 5.6

- 3.0 The ends of the bar can be dragged to adjust the start and end times. Desktop only though maybe?

### DRIVER INSTRUCTIONS

There is a sick sound system in the car. Sometimes, if it does not start up right away simply turn it off and then back on and it should work. Also, there has been a problem with people leaving the dash light on, this happens when you turn the scroll next to where you turn on the headlights. While the car is moving, this only turns up the dash light, but when the car is stopped it leaves the lights in the main cabin on. If you use this light, please make sure to turn it back off. Thank you.

- Accident/Damage
- Roadside Assistance
- Cleaning/Cleanliness Issue
- Parking Issue (no spots within home zone)
- Parking Ticket/Violation
- Maintenance Issue
- Make/Change/Cancel Reservation
- Billing Question/Issue
- Help accessing vehicle (map, Lock/Unlock/Honk)
- Vehicle Onboarding (stores communications w/ owner until they're live on the network)
- Customer Satisfaction Survey Response
- Vehicle in use when not booked (owner's fault)

## Notes

1.0 Clicking slides this screen out (left) and slides in (right) the screen associated with the menu category

2.0 Immediate logout (no warning dialog required)

Notes

- 1.0 Clicking on a row takes you to the Wheelz device details screen.

The screenshot shows an iPad displaying the 'ADMINISTRATION' screen of the Wheelz application. The top status bar indicates it's 9:24 PM. The main header says 'ADMINISTRATION'. A search bar is at the top right. On the left is a sidebar with the following items:

- Dashboard**
- Reservations**
- Users**
- Vehicles**
- Help Tickets (10)**
- Admin** (This item is highlighted with a dark grey background)
- Viewing Networks:**
- Stanford, Berkley (with a 'Change' button)

The main content area has two sections:

**Find a Wheelz Device:** This section contains search filters:
 

- Hardware #:
- Last Heard From: Today
- Legacy: No
- Vehicle: text
- Provisioned: Yes
- An 'Advanced Search' button.

**Wheelz Devices:** This section displays a table of device data. A hand icon with a '1.0' callout points to the second row of the table, indicating it's a clickable link to a device detail screen.

Hardware #	Last Heard From	Vehicle	ICCID	IMEI	SW Version	Legacy	Provisioned
32FFD60531 4E31356431 1443	Tues April 17th 2012, 2:30am	Subaru Forester 2006	8901260762 222957368	3519340489 05439	Sep 14 2011 18:46:40	No	Yes

32FFD60531 4E31356431 1443	Tues April 17th 2012, 2:30am	Subaru Forester 2006	8901260762 222957368	8901260762 222957368	Sep 14 2011 18:46:40	No	Yes

Notes

The wireframe illustrates the 'Find a Wheelz Device' search interface on an iPad. The screen is titled 'ADMINISTRATION' at the top center. On the left, a vertical navigation bar lists several menu items: Dashboard, Reservations, Users, Vehicles, Help Tickets (10), Admin, and Viewing Networks. The 'Admin' item is highlighted with a dark gray background. Below the navigation bar is a search section titled 'Find a Wheelz Device:' containing fields for 'Hardware #', 'Last Heard From' (set to 'Today'), 'Legacy' (set to 'No'), 'Vehicle' (set to 'Subaru'), and 'Provisioned' (set to 'Yes'). A 'Search' button is located to the right of these fields. Below the search section is a table titled 'Search Results:' with columns for Hardware #, Last Heard From, Vehicle, ICCID, IMEI, SW Version, Legacy, and Provisioned. Three rows of data are displayed, all corresponding to a Subaru Forester 2006 vehicle with the hardware number 32FFD60531 4E31356431 1443, last heard from on April 17th, 2012, at 2:30am.

Hardware #	Last Heard From	Vehicle	ICCID	IMEI	SW Version	Legacy	Provisioned
32FFD60531 4E31356431 1443	Tues April 17th 2012, 2:30am	Subaru Forester 2006	8901260762 222957368	3519340489 05439	Sep 14 2011 18:46:40	No	Yes
32FFD60531 4E31356431 1443	Tues April 17th 2012, 2:30am	Subaru Forester 2006	8901260762 222957368	8901260762 222957368	Sep 14 2011 18:46:40	No	Yes
32FFD60531 4E31356431 1443	Tues April 17th 2012, 2:30am	Subaru Forester 2006	8901260762 222957368	8901260762 222957368	Sep 14 2011 18:46:40	No	Yes

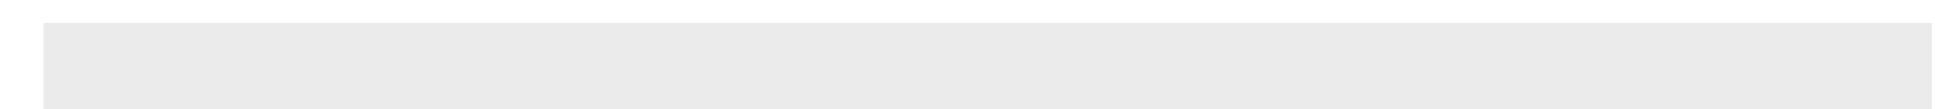

Notes

The wireframe illustrates the 'ADMINISTRATION' section of the Wheelz application on an iPad. The left sidebar contains navigation links: Dashboard, Reservations, Users, Vehicles, Help Tickets (10), Admin, and Viewing Networks (Stanford, Berkley). The main content area displays 'Wheelz Device Details' with the following data:

Last Heard	Hardware	Legacy
2:15pm 05/12/11	38FFD5053243323317530943	No
SW Version	Imei	Iccid
Sep 17 2011 14:54:52	351934048905868	8901260762222219827

Below this, vehicle information is shown: Vehicle: Subaru Forester 2006, Owner: Michelle Obama (555-555-5555), and a 'View Vehicle Details' button.

A prominent red message at the bottom states: "Transfer this device to a different vehicle: OUT OF SCOPE transfer".

Notes

The wireframe illustrates the 'Transfer Wheelz Device' screen on an iPad. The left sidebar shows navigation options: Dashboard, Reservations, Users, Vehicles, Help Tickets (10), Admin, and Viewing Networks (Stanford, Berkley). The main content area is titled 'ADMINISTRATION' and displays 'Transfer Wheelz Device:' information. It includes fields for Last Heard (2:15pm 05/12/11), Hardware (38FFD5053243323317530943), Legacy (No), SW Version (Sep 17 2011 14:54:52), Imei (351934048905868), and Iccid (8901260762222219827). A search bar at the top right contains the placeholder 'Search'. Below it, a 'Vehicle:' field shows 'Toyota Prius 2008' with a note 'Search by make, model, or license plate'. A 'Save' button is located in the bottom right corner of this section. A dashed blue arrow points from the 'Vehicle:' field in the main content area down to the 'Vehicle:' field in the list of vehicles below. The list of vehicles includes Toyota Rav4 2007 (\$8.00/hr, F4G5R3), Toyota Prius 2008 (\$8.50/hr, highlighted in blue, F4F2E), and Toyota Tercel 2006 (\$7.00/hr, G5W3E). A hand icon with a finger pointing at the Toyota Prius 2008 row indicates a selection action.

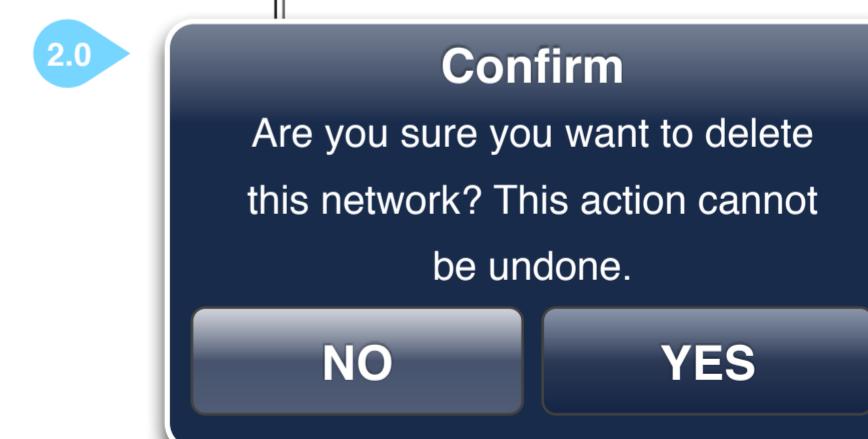

Vehicle:	Model	Rate	Identifier
Toyota	Toyota Rav4 2007	\$8.00/hr	F4G5R3
Toyota	Toyota Prius 2008	\$8.50/hr	F4F2E
	Toyota Tercel 2006	\$7.00/hr	G5W3E

Notes

- 1.0 Clicking the + button immediately adds the network to the active list. Clicking a checkmark makes the network inactive.

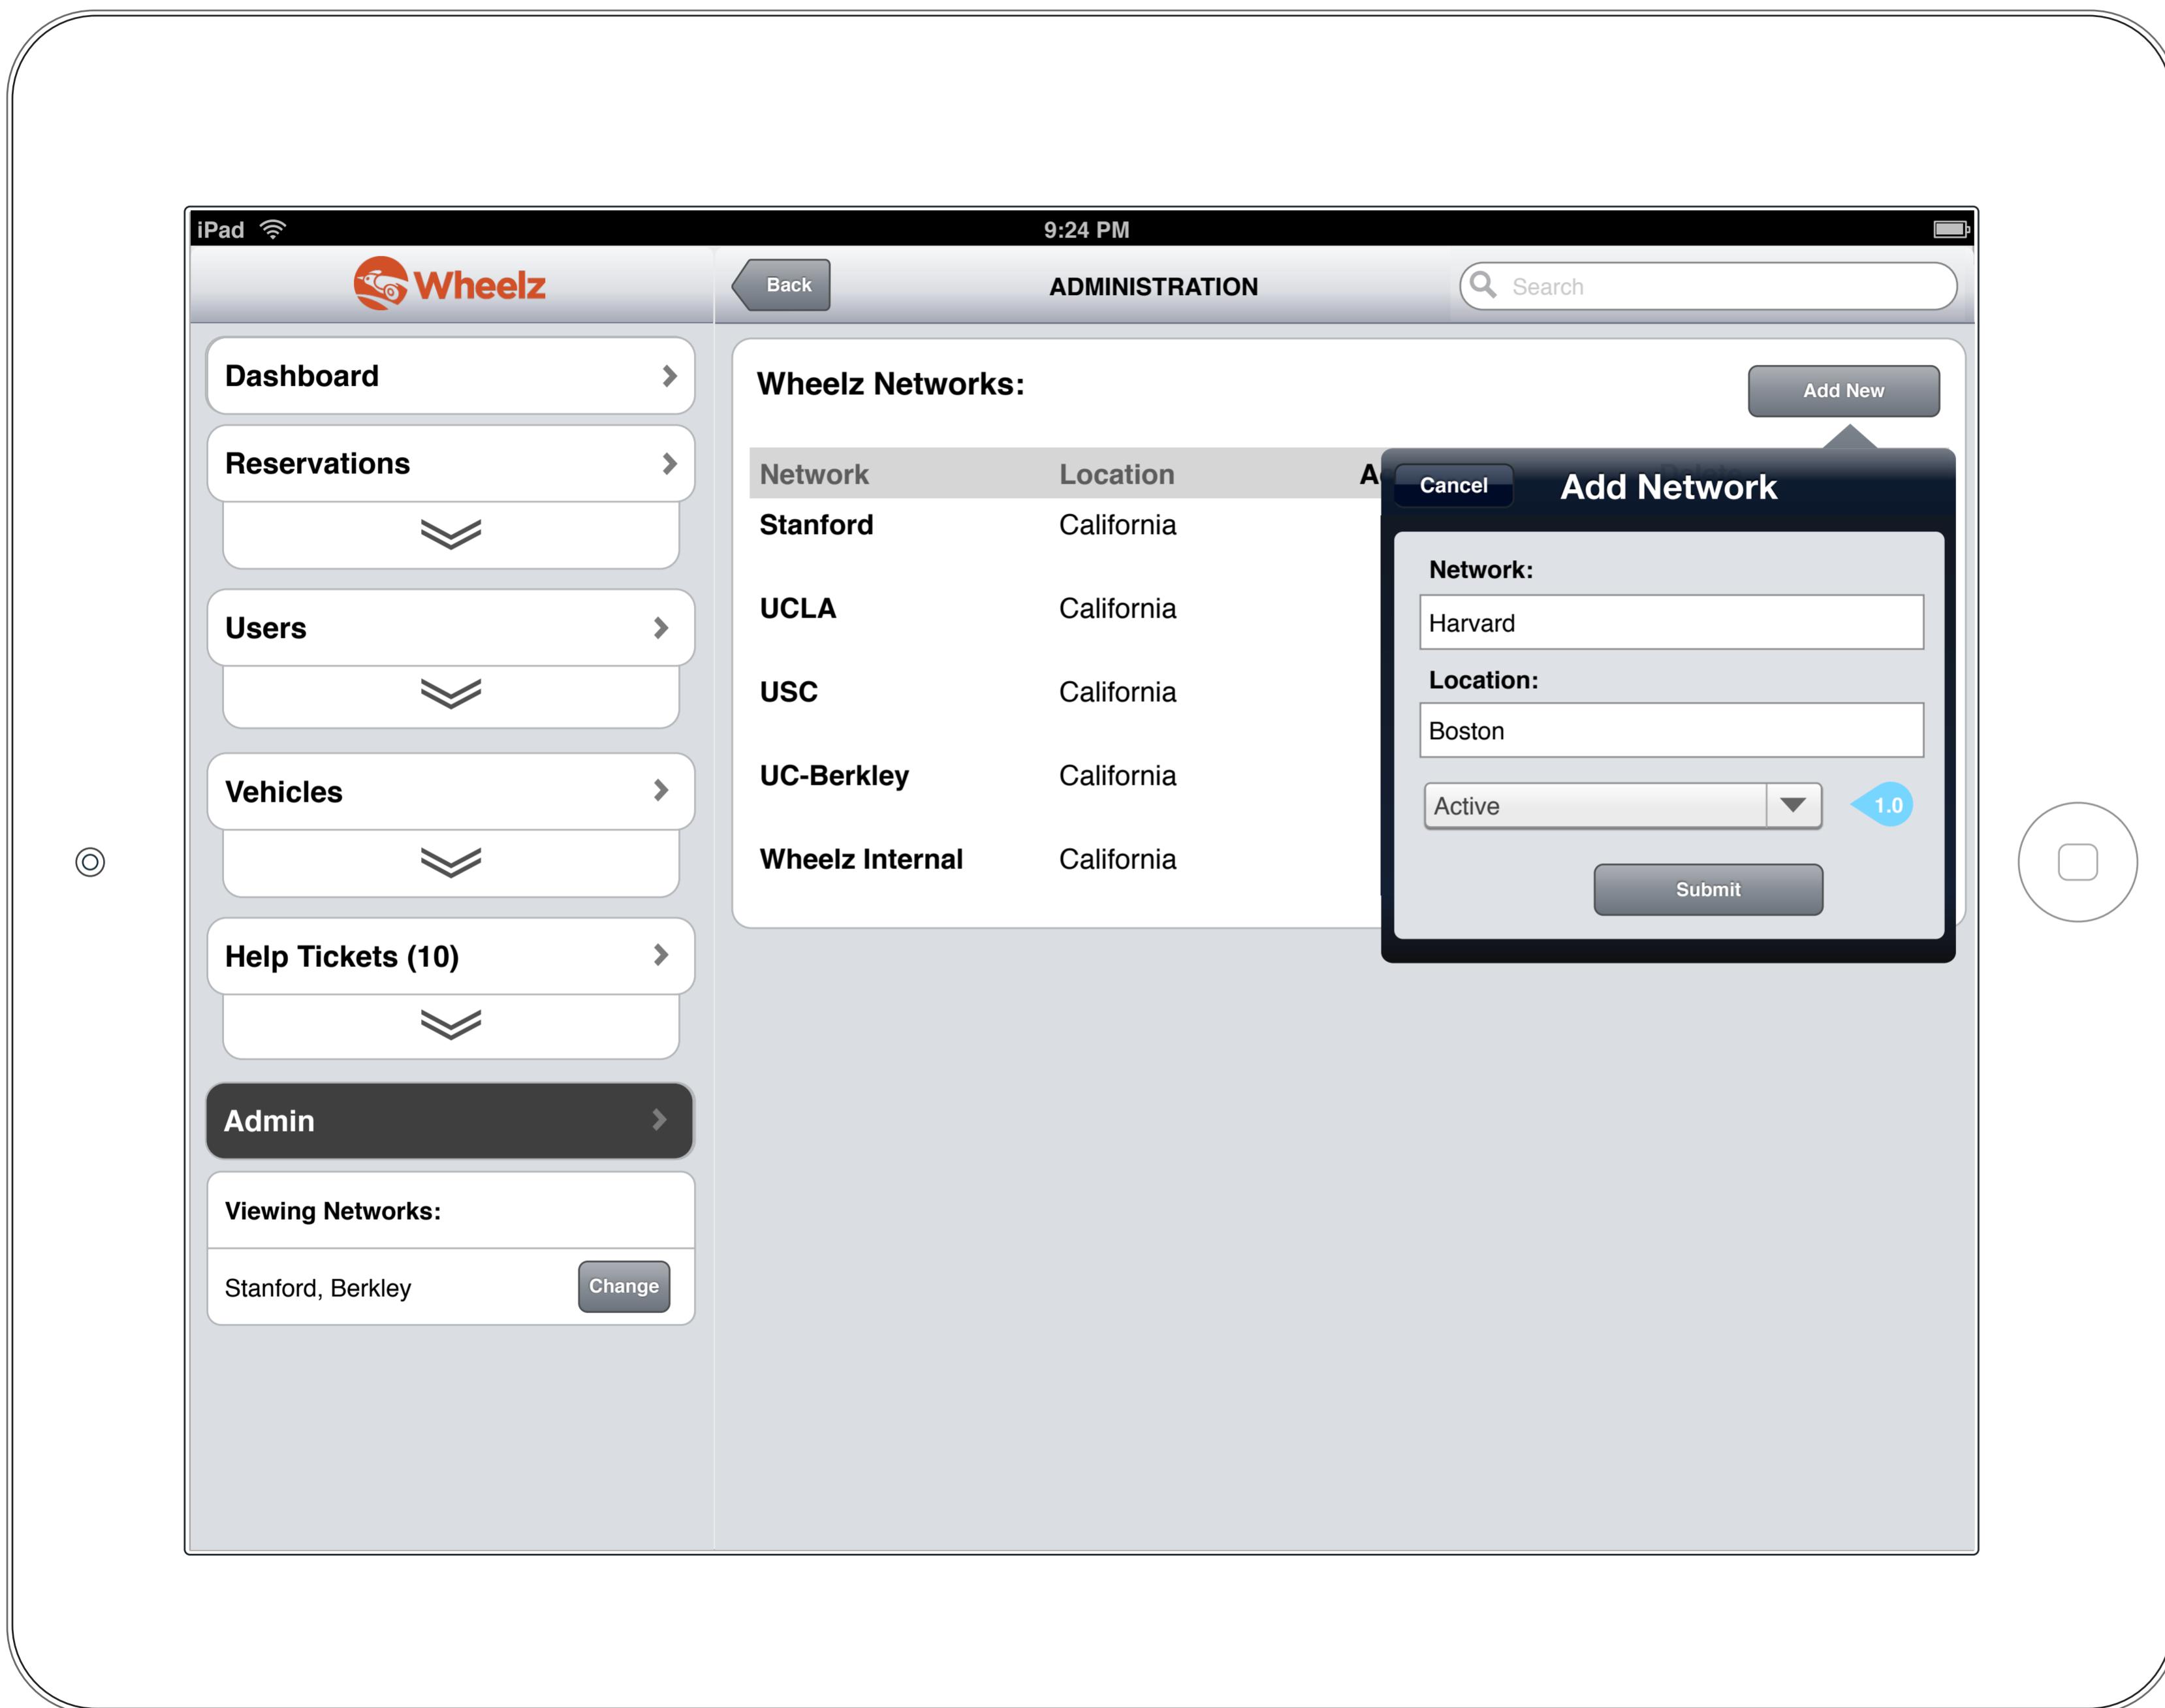

The wireframe shows an iPad screen with the Wheelz logo at the top. The main content area is titled "ADMINISTRATION" and displays a table of "Wheelz Networks". The table has columns for Network, Location, Active?, and Delete. Five networks are listed: Stanford (Active), UCLA (Active), USC (Active), UC-Berkley (Inactive), and Wheelz Internal (Active). A hand icon with a callout "1.0" is pointing to the blue plus sign in the "Active?" column for UC-Berkley. Another hand icon with a callout "2.0" is pointing to the red minus sign in the "Delete" column for Wheelz Internal. On the left sidebar, under "Admin", there is a section titled "Viewing Networks" with a "Stanford, Berkley" button and a "Change" button. The status bar at the top of the screen shows "iPad" with signal strength, "9:24 PM", and battery level.

Network	Location	Active?	Delete
Stanford	California		
UCLA	California		
USC	California		
UC-Berkley	California		
Wheelz Internal	California		

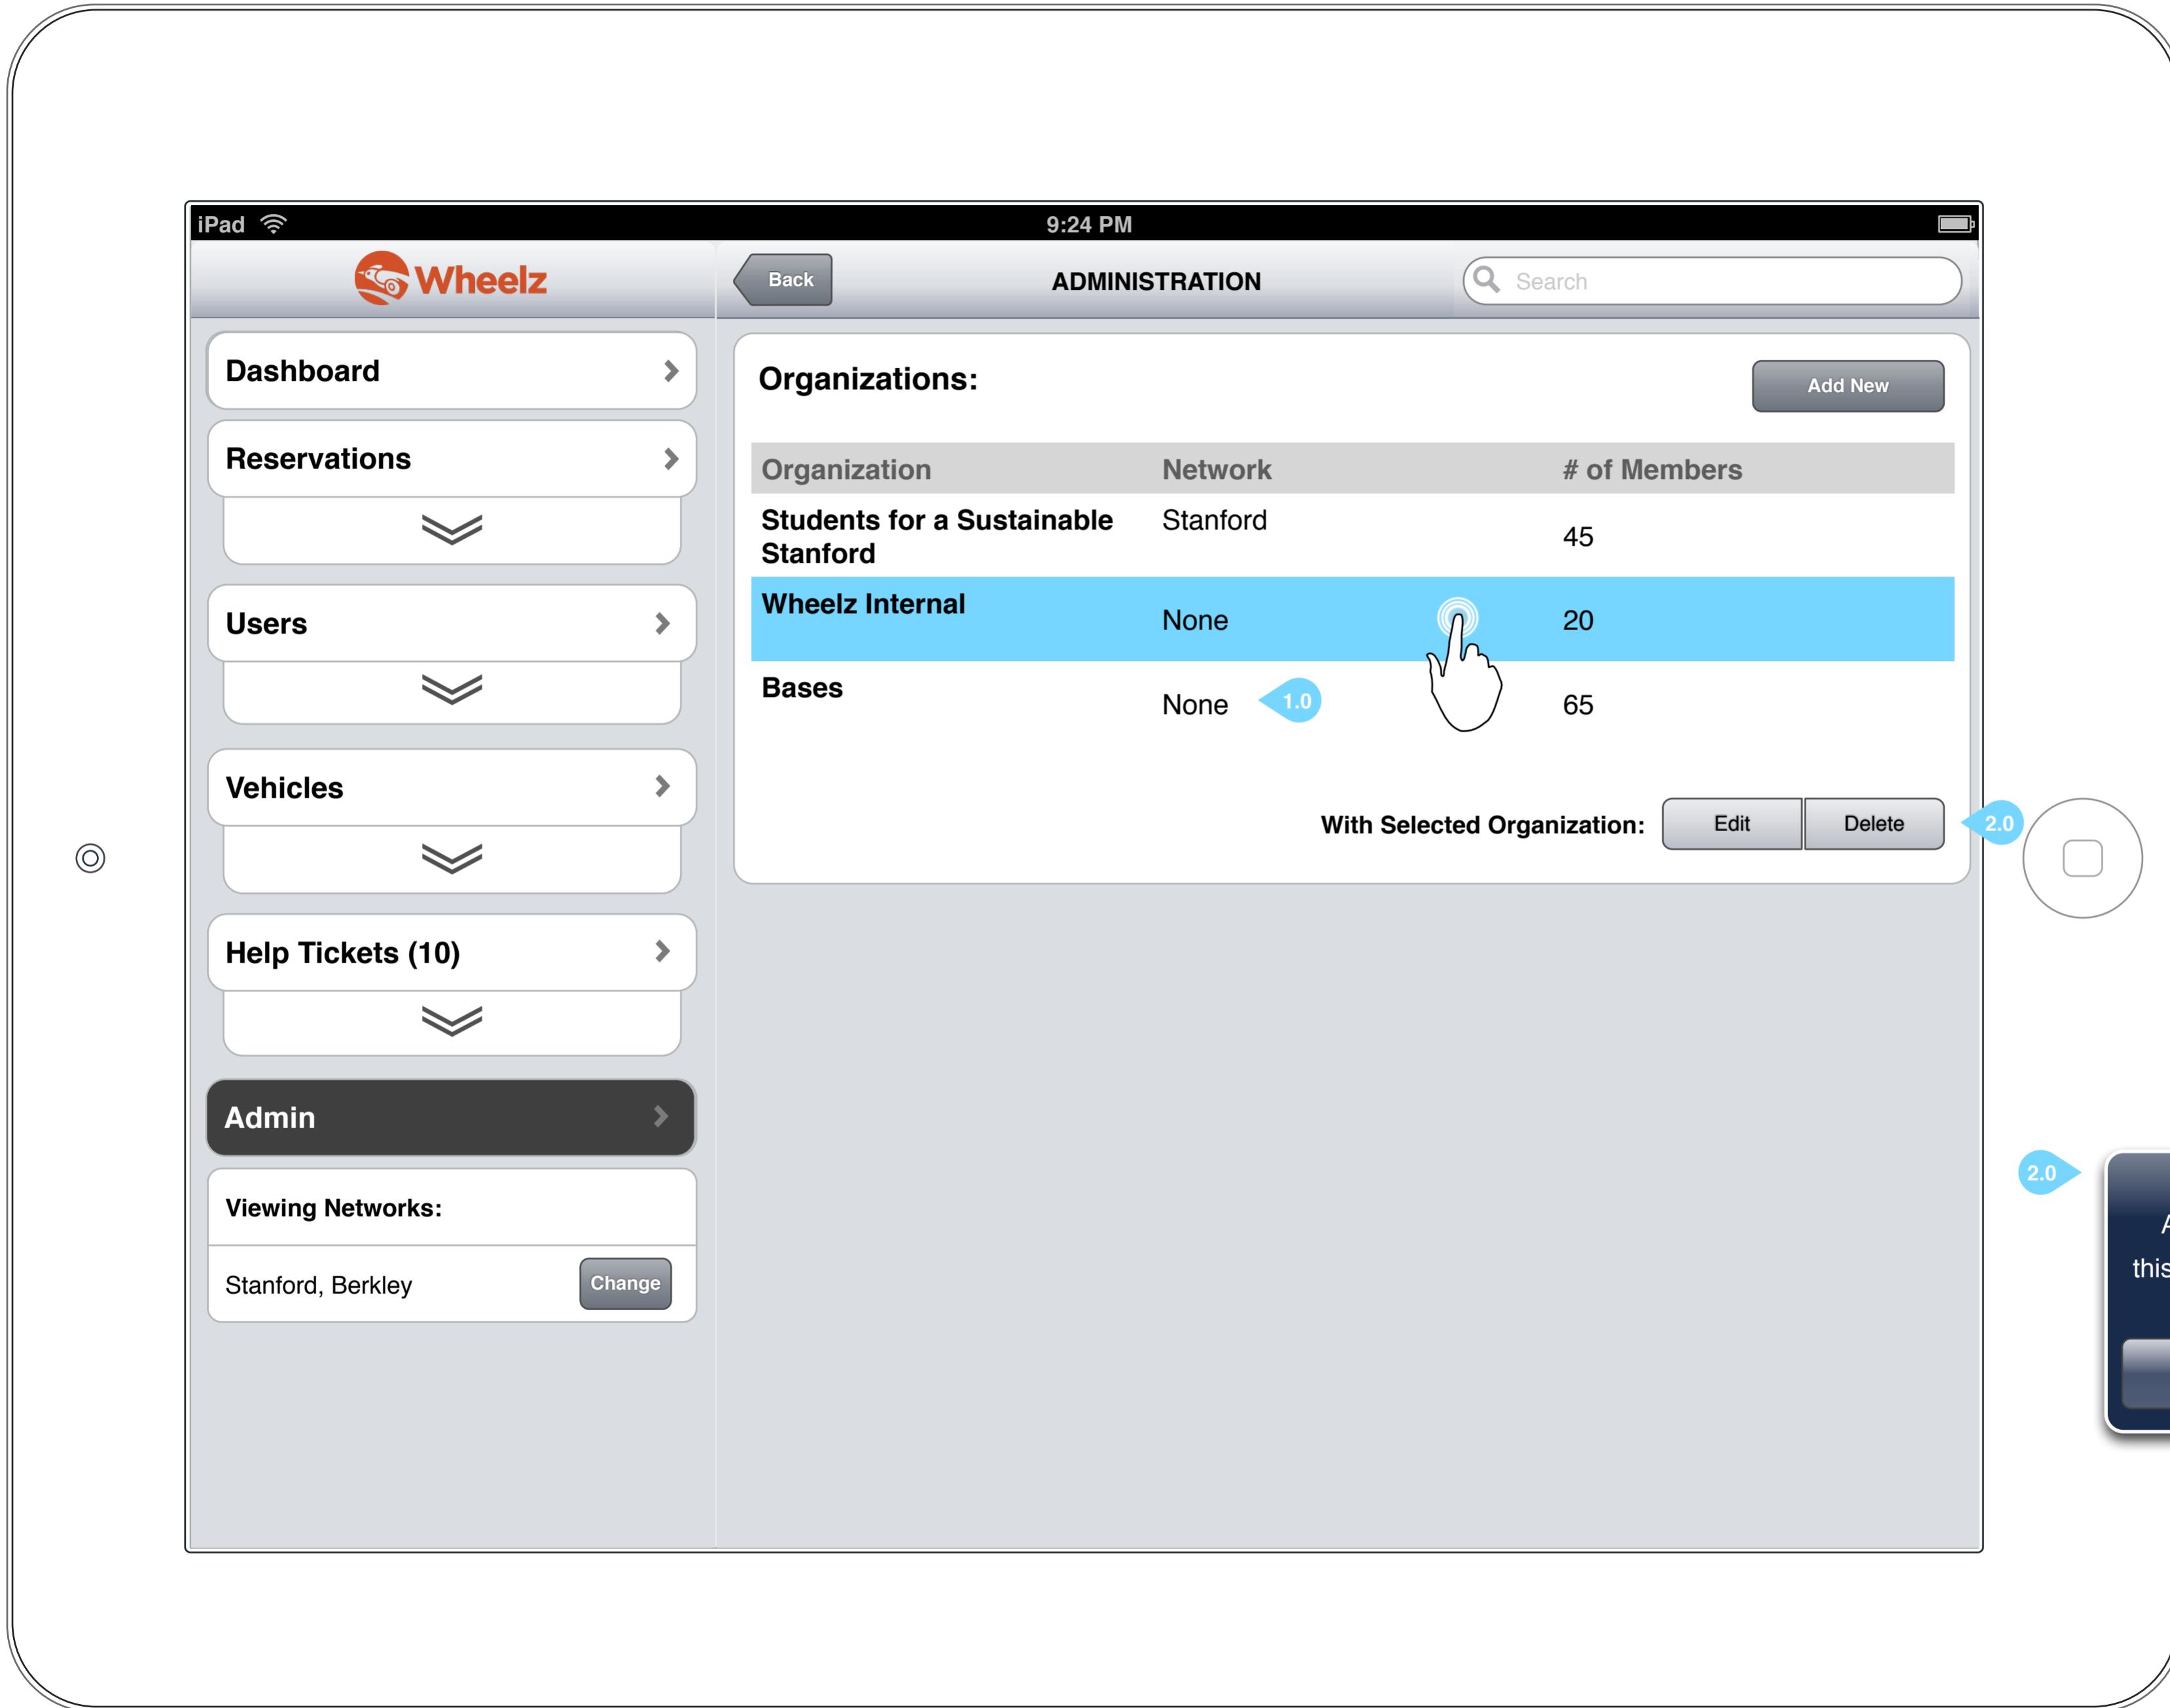

Notes

- 1.0 Options are "Active" and "Inactive"

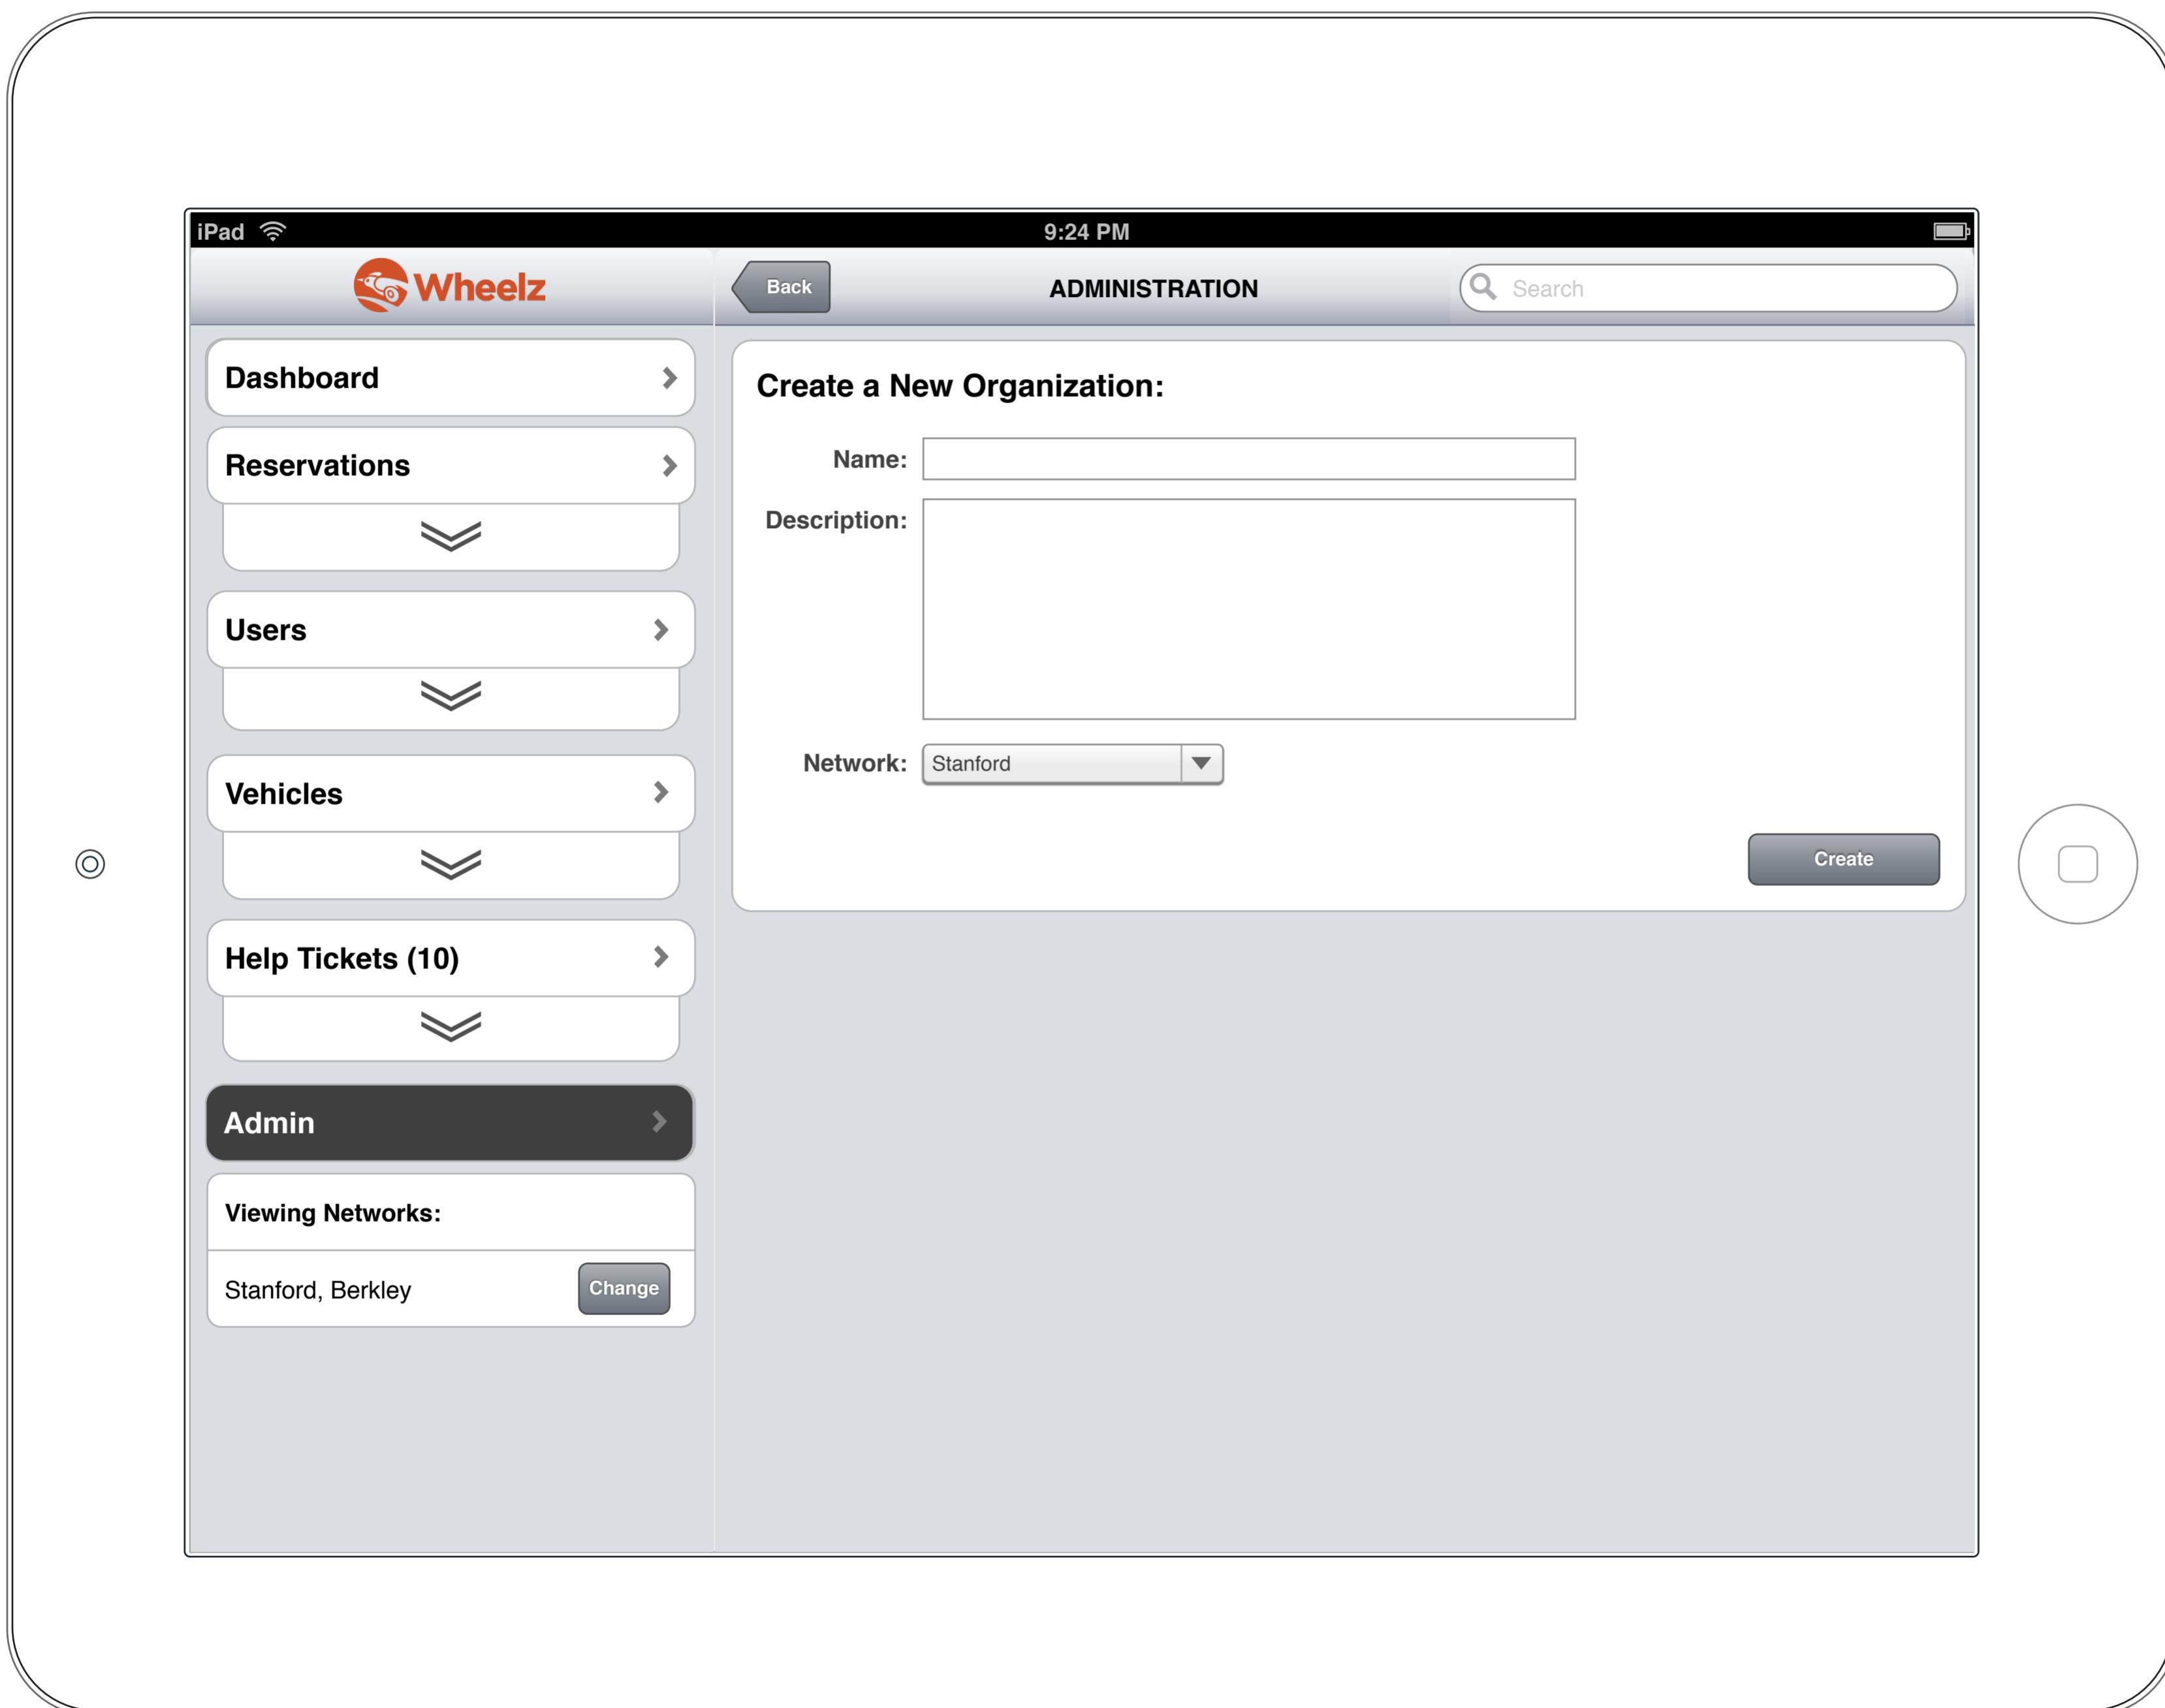

## Notes

- 1.0 Organizations do not need to belong to a network.

**Payment Methods:**

First Name	Last Name	Braintree ID	Braintree Token	Last 4	Preferred?
Matthew	Goodyear	1313233	5sdf44	3233	
Jim	Thread	1313233	5sdf44	3233	

**Confirm**  
Are you sure you want to remove this payment method from this organization?

**NO** **YES**

1.0

- If a preferred payment method is removed, the next payment method in the list becomes the default automatically.
- Also, changing the preferred payment method does not require a confirmation - it just happens immediately.

**Payment Methods:**

Notes

The wireframe illustrates the 'Create New Coupon' screen on an iPad. The top status bar shows 'iPad' and signal strength, with the time '9:24 PM' and battery level in the top right. The navigation bar includes a 'Back' button, the title 'ADMINISTRATION', and a search bar.

The left sidebar contains the following menu items:

- Dashboard
- Reservations
- Users
- Vehicles
- Help Tickets (10)
- Admin
- Viewing Networks:  
Stanford, Berkley Change

The main content area is titled 'Create New Coupon'. It includes the following form fields:

- Coupon Code:
- Network:
- Type:
- Max Redeem #:
- Expires On:  Calendar icon
- Amount: \$
- Referrer:  Search by name, phone #, or email or leave blank for none
- Referrer Amount: \$

A large 'Create' button is located at the bottom right of the form area.

Notes

- 1.0 This is just a sample of all the different settings - there are many more setting fields
